PIXMA G3200

Introducing the Canon PIXMA G3200 Wireless3 MegaTank All-In-One Printer - the perfect printer for people who print a lot and copy a lot. That's because its MegaTank ink reservoir system allows it to print up to 6,000 crisp black pages / 7,000 magnificent color pages from one set of the included inks.¹ Do the math and that's about 30 times as many prints as you can get from a conventional ink cartridge set! Quality is quite impressive too, because hybrid ink formulation produces deeper blacks and more vibrant colors. Plus, the PIXMA G3200 printer connects to your favorite mobile devices wirelessly or through the cloud, so it's always ready to go, even when you're on the go. The Canon PIXMA G3200 Wireless MegaTank All-In-One Printer. Mega printing performance is here!
